The day's trades recorded a monetary value of K6,736,753.90.

GLOBAL MARKETS HIGHLIGHTS

AUSTRALIA: The Australian share market has finished its worst week since October 2008 with a modest daily gain. The benchmark S&P/ASX200 finished Friday up 33.7 points, or 0.7%, at 4,816.6, while the broader All Ordinaries index gained 44.9 points, or 0.93%, to 4,854.3.

NEW YORK: US stocks shifted lower, wiping off Thursday's slim gains as the climbing infection rate of COVID-19 in the US caused further unease, with tough restrictions imposed by New York and California fuelling investors' concerns. The S&P 500 (-4.3%), Dow Jones Industrial (-4.5%), and Nasdaq Composite (-3.8%) fell, wrapping up the US market's worst weekly performance since the GFC in October 2008. Despite oil prices reverting back to recent lows after tumbling -11%, energy stocks were positive overall. Shares of Marathon Petroleum (+13.3%), EOG Resources (+5.0%), ConocoPhillips (+4.9%), Schlumberger (+3.0%) and Noble Energy (+2.3%) surged higher. Shares of meal-kit delivery company Blue Apron turned -29.1% lower for the day, but remained roughly +345% higher for the week, as the company stands to benefit from people having to self-isolate. AT&T shares tumbled -8.7% lower after the company cancelled a US\$4bn share repurchase agreement amid concerns the COVID-19 outbreak may have a material impact on its financial results. Also weighing on the major indices were losses in blue chip tech stocks, with Apple (-6.3%), Qualcomm (-6.3%), Applied Materials (-5.5%), Alphabet (-3.9%), and Nvidia (-3.4%) declining.

LONDON: Despite the dire state of affairs in Italy, and rapidly climbing COVID-19 cases in the rest of Europe, the Stoxx Europe 600 climbed +1.8% as investors were encouraged by the recent actions taken by central banks in the region. A recovery in energy stocks helped lift the markets, with shares of Total (+11.1%), Royal Dutch Shell (+4.9%) and BP (+4.5%) helping fuel gains.

HONG KONG: Asian markets were broadly in the green as the region appears to be seeing a slowdown in the COVID-19 outbreak. The Kospi (+7.4%), Hang Seng (+5.0%) and Shanghai Composite (+1.6%) climbed higher, while the Nikkei 225 fell -1.0%.
